It's Time for Change...

Since John McDonnell announced his candidacy for the leadership last July, activists all over the country have been building a grassroots campaign that is uniting the labour movement.

John is standing on a radical programme to change the political direction of this country and has a consistent record of fighting for peace, workers' rights, public services and the environment.

We are calling on all our supporters and activists to join us on March 31st for the national campaign rally featuring live music, entertainment and speakers representing the Labour left and trade union movement.

Invite your friends, colleagues and comrades and come show your support for this historic campaign!

John stands for...

- *Withdrawal of British troops from Iraq and Afghanistan*
- *An end to the privatisation of public services*
- *A Real Living Minimum Wage of at least £7 an hour*
- *A green energy policy based on renewable power sources*
- *An increase in the Basic State Pension from £84.25 to £119 a week*
- *Defence of comprehensive education and the abolition of student tuition fees*
- *The restoration of trade union rights and civil liberties*
